Bonjour, ça va?

I am a **Website Design Specialist** student at **Vanier College** with a passion for web and graphic design. I am currently looking for an internship.

While my program is funded by Emploi Québec, **allowing your company to benefit from a program of wage subsidies**, I am particularly interested in gaining experience in Web Design. I am also open to opportunities in related fields like UI/UX or Graphic Design.

In addition to my current studies, I have a Bachelor's degree in Social Communication, Advertising and Publicity, and I have **experience in different fields of the graphic design industry** like Journalism graphic design, Endomarketing design, PowerPoint presentation design, Packaging design and Educational Marketing design.

Throughout my career, colleagues have noticed my **open-mindedness, communication skills, creativity, good humor, sense of organization, responsibility, and dedication for my work.**

Please find my **CV attached** for your review, as well as a link to my **portfolio website**. I am eager to **learn more about an internship opportunity** and discuss how my skills **can benefit your company**. Thank you for your time and consideration.

André Cardoso.
